ELSEVIER

CONTENTS OF VOLUME 72

ABBOTT, K. *see* DUKAS, R.
Acanthorhynchus tenuirostris .. 1387
Acheta domesticus
aggressive contests and song information content in .. 225
suppression of escape behaviour during mating in .. 487
acoustic interactions: and spacing behaviour, in male field crickets .. 1045
action patterns: inherited, and tool use development in New Caledonian crows .. 1329
activity budget: and sexually dimorphic grooming in bison .. 737
activity patterning: versus other hypotheses for sexual segregation in feral goats .. 31
ADAMO, S.A., PARSONS, N.M. The emergency life-history stage and immunity in the cricket, *Gryllus texensis* .. 235
ADNAN, A.M. *see* CAMPBELL, P.
Aegithalos caudatus .. 1035
age
asymmetry in, and reproduction in female woodland voles .. 909
contender, and host weight, effects on parasitoid wasp contest outcomes .. 891
and contributions to care in cooperatively breeding apostlebird .. 63
male, and dawn song and extrapair paternity in blue tits .. 531
and ontogeny of alarm call responses in meerkats .. 1345
and success of wolves hunting moose .. 781
Agelaius phoeniceus .. 881
aggregation: in geckos, cues and benefits .. 199
aggression
level, and neighbour discrimination by territory owner .. 209
in pregnant mice, and offspring characteristics .. 773
ultraviolet signalling of ultra-aggression in lizards .. 353
vocal interactions in nightingales and pairing success .. 25
aggressive behaviour: in different contexts in graylings, effects of captive breeding .. 819
aggressive contests: in house crickets, and information content of aggressive songs .. 225
aggressive interactions: manipulated, effects on bystanding male fighting fish .. 1013
aggressive songs: information content of, in house crickets .. 225
Aix sponsa .. 917
AKBAR, Z. *see* CAMPBELL, P.
alarm calls
in cottontop tamarin, cues for individual recognition in .. 1379
meerkat responses to, ontogeny of, roles of age, sex and nearby conspecifics .. 1345
alarm-calling system: of adult male putty-nosed monkeys .. 643
ALAUX, C., HEFETZ, A., JAISSON, P. Plasticity of worker reproductive strategies in *Bombus terrestris:* lessons from artificial mixed-species colonies .. 1417
albatrosses: factors affecting brood-guarding duration in .. 383
ALBERTS, S.C., BUCHAN, J.C., ALTMANN, J. Sexual selection in wild baboons: from mating opportunities to paternity success .. 1177
Alectoris rufa
complex plumage pattern as social signal in .. 423
condition and androgen levels in .. 97
ALERSTAM, T. *see* THORUP, K.
alliance affiliation: and synchrony and social behaviour, in dolphins .. 1371
almond moth: oviposition behaviour in, role of experience .. 545
alpine swift
nest switching in, evidence against sibling competition as cause .. 869
sibling competition and nestling fall risk in .. 539

selection: on male calling song in field cricket, seasonal variation in 439
selectivity: mate, and condition, in female zebra finches 713
self-assessment: by male amphipods during energetically costly contests for precopula females 861
self-control: sea lion reverse-reward contingency performance 1241
self-rated attractiveness: and face preferences, in women, effects of viewing attactive/unattractive women 981
Semiothisa aemulataria 461
sensory cues: and mangabey ranging behaviour in relation to target trees in home range 797
sensory drive hypothesis: and inverse relationship of decoration and food colour preferences in bowerbirds 1125
Serinus canaria 1319
sex
  and contributions to care in cooperatively breeding apostlebird 63
  and discrimination of conspecific dietary and individual odours by mound-building mice 577
  and ontogeny of alarm call responses in meerkats 1345

sex differences
in song matching in duetting eastern whipbirds 53
state-dependent, in spatial memory in pinyon jays.. 401
sex role preferences: in simultaneous hermaphrodites 1
sexual behaviour: in guppies, effect of visual obstructions 959
sexual conflict
over mating, in seed bug, variation in cost to females of 313
and water velocity habitat use in guppies 75
sexual imprinting: speciation by perception 139
sexual segregation: among feral goats, testing alternative hypotheses for 31
sexual selection
functional perspective on 263
and infanticide and task specialization, in biparental burying beetles 1159
on male calling song in field cricket, seasonal variation in 439
in wild baboons: mating opportunities and paternity success 1177
sexual signalling
female spider singing during copulation to influence male genitalic movements 413
ultraviolet signalling of ultra-aggression in lizards 353
sexually dimorphic grooming: in bison, and size, activity and androgens.. 737
sexually dimorphic insect: assessment strategies in fighting for harems 727
SHARP, S.P. *see* MCGOWAN, A.
SHI, J. *see* CALHIM, S.
shorebirds: roost selection around tropical bay 563

Siamese fighting fish: effects of manipulated aggressive 'interactions' on bystanding males 1013
sibling competition
and nest switching in alpine swift young, evidence not supporting 869
and nestling fall risk in swifts 539
signal amplitude: variation with receiver distance in zebra finch song 699
signalling
display honesty, and hermit crab shell fight motivation and behaviour 853
heterospecific call overlap and phonotactic behaviour in grey treefrogs 449
honest, complex plumage pattern as source of 423
immune function and condition, and female preference for male cricket courtship song .. .. .809
individually specific, value of cichlid mating craters for 753
mate, effort by crickets, and body elemental composition 899
ultraviolet, of ultra-aggression in lizards 353
signals: androgen-mediated, relation to condition in partridges 97
SIMAC, L. *see* PORTER, R.H.
SIMEONI, M. *see* MCGOWAN, A.
SIMMONS, L.W. *see* TREGENZA, T.
simulation model: perceived threat, vigilance, and flight in bird flocks 373
simultaneous task performance: in fish, effect of brain asymmetry 523

social attraction: and spatial distribution in broiler chickens 1291

social behaviour
interplay with seasonal behaviour in birds 245
and synchrony and alliance affiliation, in bottlenose dolphins 1371
social cognition: in canine spectators of interspecific games 343
social contact: and response to novel food in infant marmosets 365
social encounters: previous, role in determining social rank in white-tailed deer 1103
social experience: and retention of individual recognition in chicks 707
social foraging in tadpoles 1451
social foraging strategy use in house sparrows: effects of 747
social functions: of grooming in cooperatively breeding meerkats 1059
social influences
and hunting behaviour of wild chimpanzees 169
and tool use development in New Caledonian crows 1329
social information
from chemical cues, in *Lacerta vivipara* 965
effects of manipulated aggressive interactions on bystanding male fighting fish 1013
and flight in bird flocks 373
social isolation: and plumage maturation in juvenile zebra finches 113
social learning
failure to find aversive marking of toxic foods by Norway rats 1427
reliance on while foraging in risky situations 1169
social preferences: versus other hypotheses for sexual segregation in feral goats 31
social rank
determination of, in white-tailed deer, role of previous social encounters
and body mass 1103
relation to neophobia and individual learning in starlings 1229
social rearing conditions: and song structure and repertoire size in tits 83
social signal: honest, complex plumage pattern as 423
social status signal: food sharing in jackdaws as 297
social structure: and resource distribution, in harem-forming fruit bats 687
sociality: physiological benefits of aggregation as precursors of, in geckos 199
sockeye salmon: mature, homing to site of incubation 941
SOLOMON, N.G. *see* HAYES, L.D.

in female woodland voles, *Microtus pinetorum* 909
song learning
long-term effect of isolation rearing conditions on, in canaries 1319
social rearing conditions and song structure and repertoire size in tits 83
song matching: in duetting eastern whipbirds, sex differences in 53
song overlap: in nightingales, and pairing success 25
song preferences
development of, in female cowbirds, measurement method 181
for male courtship song, in female crickets, and immune function and condition 809
song sparrows
food availability and nest predation timing, nestling begging and adult
antipredator behaviour 933
territory owner discrimination between aggressive and nonaggressive neighbours 209
song/singing
aggressive songs of house crickets, information content of 225
in canary, long-term effect of isolation rearing conditions on 1319
female spider singing during copulation to influence male genitalic movements 413
male age, dawn song and extrapair paternity in blue tits 531
repertoire size and song structure in tits, effects of social rearing conditions.. 83
responses to interactive playback and pairing success in nightingales 1355
responses to one- and two-speaker playback in duetting kokakos 131
seasonal variation in selection on male calling song in field cricket 439
signal amplitude variation with receiver distance in zebra finches 699
vocal interactions in nightingales 25

SONTAG, C., WILSON, D.S., WILCOX, R.S. Social foraging in *Bufo americanus* tadpoles 1451
sooty mangabeys: wild, spatial memory of fruiting states of rainforest trees in 797
southern elephant seals: relatedness and site fidelity at breeding colony 617
spacing behaviour: and acoustic interactions, in male field crickets 1045
spatial behaviour: of common terns during courtship 1093
spatial distribution: and social attraction, in broiler chickens 1291
spatial memory
  in pinyon jays, state-dependent sex difference in 401
  in wild mangabeys, of fruiting states of rainforest trees 797
spatial pattern of brood parasitism: and fitness benefits of hosts' rejection strategies 881
speciation by perception: neural network simulation 139
spectator behaviour: of dogs towards participants in interspecific games 343
sperm competition: learned response in field crickets to 673
sperm defence: effects of male perception of female mating status on, in fruit flies 1259
sperm trading in simultaneous hermaphrodites 1
Spheniscus magellanicus 1141
spiders
  attack velocity mode, and cricket escape success 603
  female, singing during copulation to influence male genitalic movements 413
